Pex - Al - Pex Pipe
Insert with O Ring
Size: 22mm
208645

FEATURES & BENEFITS

-  Simple and easy to use
-  Substitute to using Copper Pipe
-  Best suited with Triumph Compression Fittings
-  Partially flexible with fewer connections & more savings
-  Less Risk
-  Easier to transport larger quantities
-  Lowest temperature 5°C & Highest 85°C
-  Maximum pressure of 1000kPa

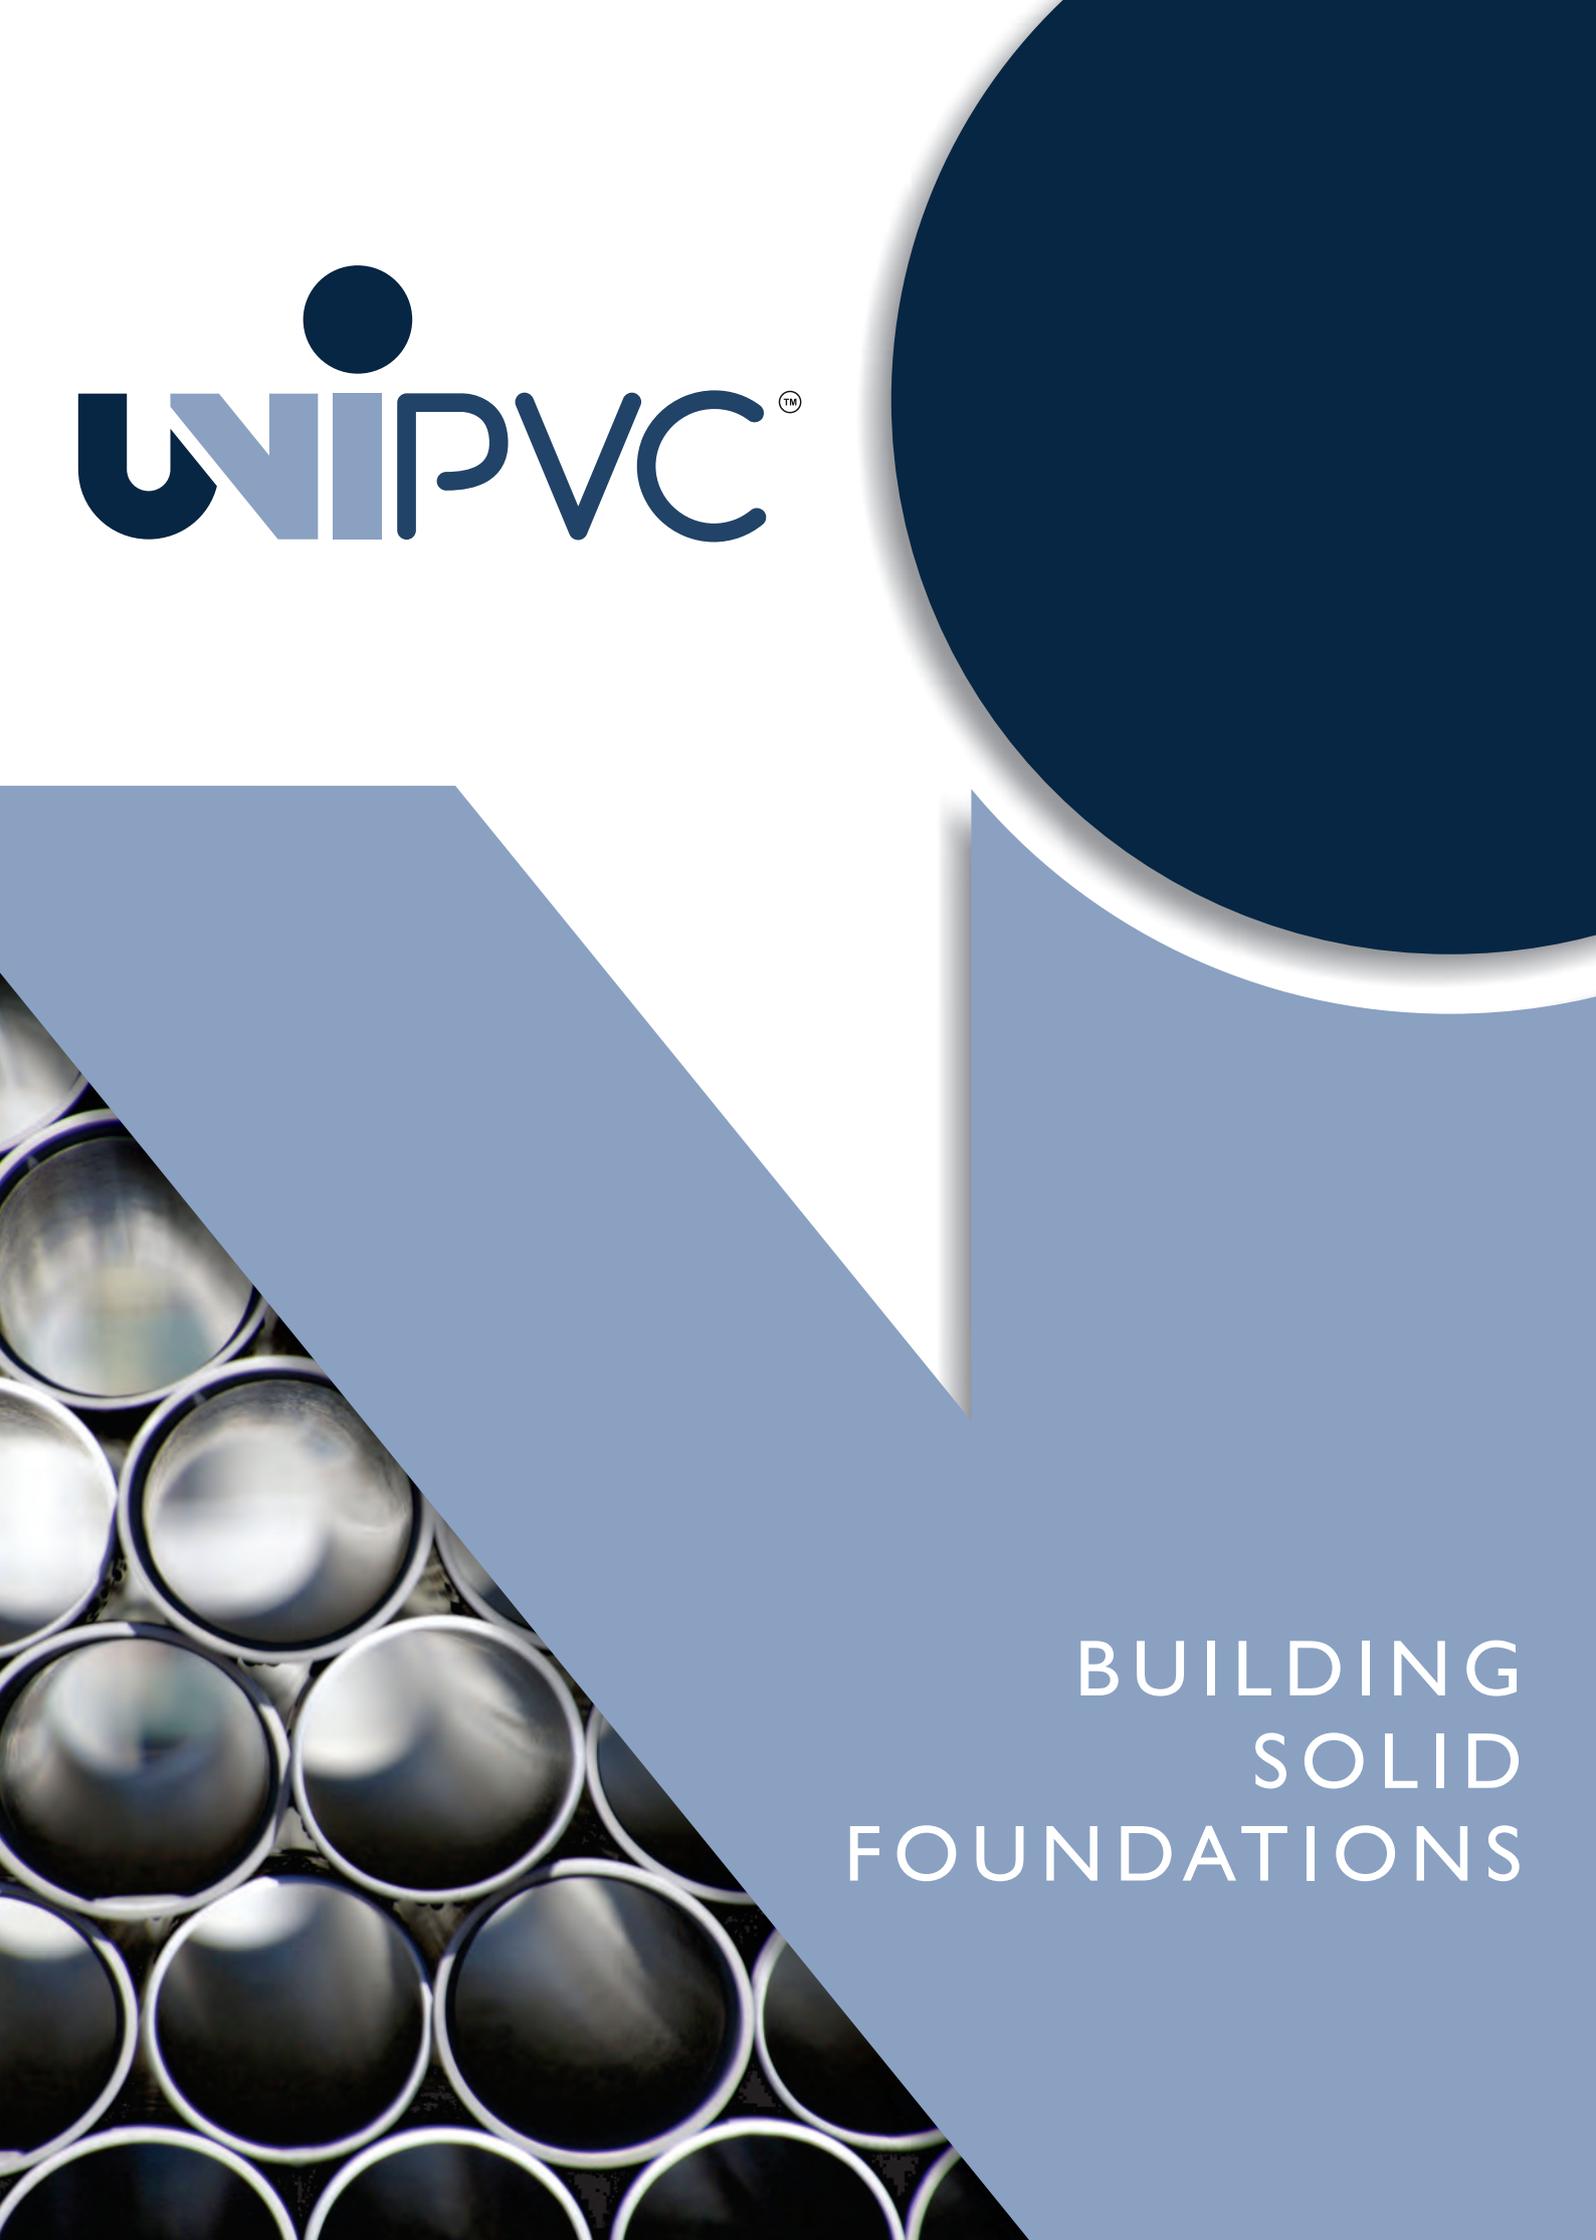

EASY AS 5 STEPS:

UNIPVC[™]

The logo features a dark blue circle above the letter 'i' in 'UNI'. The letters 'UNIPVC' are in a bold, sans-serif font, with 'UNI' in a lighter blue and 'PVC' in a darker blue. A small trademark symbol (TM) is located to the right of the 'C'.

BUILDING
SOLID
FOUNDATIONS

The background consists of a large, light blue geometric shape on the right side, which is partially overlaid by a dark blue circle at the top right. On the left side, there is a diagonal cutaway revealing a stack of dark, circular objects, likely pipes or conduits, arranged in a grid pattern.
